ALL IN ONE SESSION

This is an opportunity for you to receive a comprehensive personal health assessment by a dedicated, specialist team who understand and have worked within the Grenfell community for the last 7 years.

Your assessment will last half a day and will include an hour appointment with a specialist GP plus a range of diagnostic tests, with same day test results, and an offer for a CT scan referral off site.

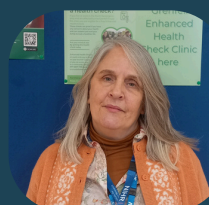

Additionally, you will have the opportunity to discuss your emotional wellbeing. Our dedicated team will provide you with referrals to local services ensuring all your healthcare needs are met in one convenient local location at the same appointment.

Your Clinical Team

Dr Thushara Goonewardene

Dr. Thushara Goonewardene will be leading a trusted team of professionals with experience of working within the Grenfell community. They will each bring dedicated skill and expertise to your personal health assessment.

About Us

The London Medical Associates (LMA) is dedicated to delivering high-quality primary care NHS services to the West London community, working together with local GPs, practice staff, and NHS and social care professionals.

By building strong local partnerships, the LMA ensures that its appointments are not only accessible but also expertly and sensitively delivered, catering to the unique needs of our residents.

We recognise that managing multiple appointments at different times and locations can be challenging.

That's why we've designed this service to simplify your healthcare journey and all in a local setting.

**Appointments will be held at:
St Charles Hospital Exmoor St,
Community Clinic 2,
London W10 6DZ**
