

Personal Health Assessment for survivors who escaped Grenfell Tower after 1:28am

London Doctors Clinic, part of Spire Healthcare, is London's largest group of private GP clinics. We have been delivering GP appointments and Personal Health Assessments for almost a decade. We can offer same day appointments and blood tests as well as access to X-Rays and scans through our Spire Hospital Network and trusted local imaging partners.

We pride ourselves on being able to offer a vast number of test results on the same or next day, to ensure we can make timely decisions about your health and well-being. We are proud to work alongside the NHS to deliver dedicated, personalised health assessments for Grenfell's Survivors.

What London Doctors Clinic will offer you:

- An appointment up to 60 minutes in length with an expert GP which will include:
 - A comprehensive review of your medical history
 - A full physical examination
 - A comprehensive panel of blood tests taken by your GP with no need for another appointment or attendance to another facility - including a full well persons profile, diabetes and cholesterol tests
 - A referral for a chest X-Ray with our Harley Street imaging partner
 - Comprehensive consultation notes and report of results shared with you via a secure online account.

Your notes will be shared with your NHS GP to ensure continuity of care. Follow up appointments and investigations will be arranged as required.

Why you should attend?

A personal health assessment provides:

- An opportunity to discuss any mental or physical health concerns you may have
- Early detection of health issues, with recommendations for further tests or referrals
- Personalised advice to help minimise future health risks

Where will your appointment take place?

London Doctors Clinic – Kensington:

The Royal Garden Hotel, 2-24 Kensington High Street,
London, W8 4PT

Our Kensington clinic is open Monday-Sunday with a range of appointments available from 8:00-17:30.

If needed we may be able to arrange for your health assessment to take place at one of our other 15 locations.

How to book an appointment?

A dedicated booking service will be offered, so you are able to book an appointment at your convenience.
